

Eco-Tea is a biological soil amendment that helps build and replenish the beneficial microbial community in the soil. The organisms found in EcoTea™ will cause an immediate improvement in root biomass and function, creating a stronger, more vigorous plant. This product is 100% organic and contains no human pathogens.

Use on Cash Crops, Vegetables, Fruits & Berries, Turf, Greenhouse & Ornamental Plant Production.

Eco-Tea Kits - Makes 5 gallon	
Balanced	\$17.99
5 gal Brewing Kit	\$225

Eco-Tea Kits - Makes 50 gallons	
Foliar	\$175
